Getting health care right: NOW AND FOR THE FUTURE
The Highmark Health organization is focused on building the health care of the future. Through our unique model, connecting care and coverage, the Highmark Health organization is challenging traditional health care and introducing bold new ideas across its businesses. The organization also maintains a strong and historic commitment to serving our communities through charitable care and community giving, supported by more than $223 million in 2016.

Leading the way through a diverse portfolio of health-related businesses

Highmark Health’s strong and diverse portfolio of businesses meets the broad spectrum of health care needs of consumers, business customers, and government entities.

- The Highmark Health Plan business (Health Plan) includes Highmark and its Blue-branded affiliates, which serve the health insurance needs of consumers, businesses, and government entities.
- Allegheny Health Network and its affiliates form an integrated health care delivery network, which provides health care delivery, research, medical education, and wellness services.
- Visionworks provides exams, eyeglasses, contact lenses, and services at nearly 750 retail optical stores in the United States.
- Davis Vision provides comprehensive, managed vision care coverage through a leading national provider network.

Driven to change health care for the BETTER.

A national health and wellness organization, Highmark Health and our affiliated companies serve nearly 50 million Americans with products and services that are transforming how health care is delivered, ensuring better experiences for our patients, members and customers along their health care journeys.

Consolidated revenues grew to record $18.2 billion in 2016.

Investing to build the future of health care

Highmark Health continued its steady revenue growth during 2016 and maintained a national customer base of approximately 50 million, securing our ranking as the second largest integrated delivery and financing system in the country based on revenue. Highmark Health continues to be a financially strong company, maintaining $6.5 billion in cash and investments and net assets of $5.2 billion. This stability allowed us to invest $450 million in our core and growing businesses during 2016 to improve health care quality and access for our health plans’ members and to create an outstanding customer experience.

The Health Plan business delivered performance improvements across all the health plan segments, most notably the government business — which includes Small Group, Medicare, Medicaid, and the ACA programs — and gains in the commercial business. The Health Plan also maintained strong membership throughout all its service areas, with 96 percent member retention in the commercial business and overall member retention of 94 percent.

The Health Plan remains the fourth-largest capitalized Blue Cross and Blue Shield-affiliated organization in the country, with nearly 5 million core medical health plan members in Pennsylvania. The Health Plan’s Medicare Advantage plan remains the largest and highest-rated Medicare Advantage program in Pennsylvania, with 4.5 Stars.

Allegheny Health Network (AHN) continued to grow and strengthen its operations in 2016 through capital investments of $175 million made in the network’s facilities, physician organization, and technology, including the EPIC platform. The health system showed positive patient volume trends year-over-year in 2016, with inpatient discharges, outpatient registrations, emergency room admissions, and surgical cases exceeding previous-year results. Achieving net revenues at year-end 2016 of almost $2.9 billion, Allegheny Health Network has delivered a 30 percent increase in net patient service revenue since it was established in 2013 as well as continued growth in EBITDA to 4.0 percent in 2016.

AHN’s call center began offering same-day appointments for primary care physicians in the fall of 2016, and the initiative has since been expanded to include specialists. This is part of a larger campaign to expand in-person and virtual clinical access for AHN patients.

Headquartered in San Antonio, HVHC Inc. and its subsidiaries, including Visionworks and Davis Vision, and HVHC Distribution and Manufacturing, make up one of the largest vertically integrated optical companies in the United States.

Visionworks is the sixth largest specialty retail optical chain in the United States and a leading provider of eyewear and eye care services proudly serving customers through nearly 750 locations in 41 states and the District of Columbia.

Davis Vision is one of the largest providers of comprehensive, managed vision care products and services in the United States, serving over 22 million members and thousands of client organizations. The company offers its members more than 60,000 points of access to vision care. HVHC Inc. companies operate five U.S.-based manufacturing labs that fabricated over 4.9 million pairs of eyewear in 2016.

HM Health Solutions, an Information Technology Services company, experienced significant growth across many dimensions of its business in 2016, and now has 9.7 million members on the IT platform, an increase of 18 percent from 2015, and revenues have risen 34 percent from 2015 to $720 million, putting the company on a solid path to exceed $1 billion in revenues.

“Across every corner of Allegheny Health Network, we are investing in our facilities, programs, and people to ensure that the experience we offer to patients is second to none.”
